League Rule Refresher

NRA PISTOL RULES – No Artificial Support

5.2 Artificial Support - Artificial support is defined as follows:

- (a) Any supporting surface, except the ground, not specifically authorized for use in the rules for the position prescribed.
- (b) **Any glove on the shooting hand.**
- (c) Any garment which can be interpreted as providing artificial support.
- (d) Any **band on the shooting arm (including wrist watches)** that are within two (2) inches of the wrist joint. The term artificial support shall not apply to the "tennis elbow" type strap or band if worn on the forearm no closer than two inches from the wrist or elbow joint. This rule recognizes that such a strap or band merely allows a competitor to compete up to their normal ability and offers no advantage to a shooter with no physical problems.
- (e) Other devices which can be interpreted as artificial support. (See Rule 3.18). Use of artificial support is prohibited except as individually authorized for a physically disabled shooter.

5.5 Firing Position - Standing, **gun held in one hand only**, the other hand being used in no way to support the gun; all portions of the shooter's clothing, body and gun clear of artificial support. (No leaning on benches, walls etc.) Competitors will take their position at their numbered firing point in such manner as not to interfere with competitors on either side. No portion of the shooter's body may rest upon or touch the ground in advance of the firing line.

Rules for make-up shoots

Your first shoot of the day is your score for the current month. Make-up matches may be fired after your first match by coming off the line with your equipment and have your score entered on your score card. You will then pay the appropriate fees to sign up for the make-up.

To make things easier for our scorers please mark your targets as follows -- On the FRONT of each target print your name -- at the top of each target either print "SLOW" or circle "TIMED" or "RAPID"
